BELMORE 12TH ANNUAL SALE

We extend a warm welcome to our valued Shorthorn and cattle breeding friends and their families. This is our 12th annual sale and second to be held at our Little Belmore display complex. These bulls we offer are the accumulation of 55 years of breeding easy-care, high-quality Shorthorn cattle. Our very first bull sold to my uncle Peter Withers of Woodlands Station, Wentworth, who insisted on pure polled, red sires who bred a herd of cattle where a horned animal was a rarity. We now have many homozygous polled bulls making up our sire battery.

Our bulls are thick, fleshy, structurally correct, easy-doing and docile. They've been run in two contemporary groups since weaning. The two Yamburgan Tiger Moth bulls, Q172 and Q196 purchased in 2021 for \$30,000 and \$28,000 respectively, have done a great job. Both are very fleshy, easy calving with excellent fat cover. The Grove Blotched has his first drop in this sale, a grandson of Mandalong Blotch, he has all those little things I like in a bull, tight sheath, super hooves, lovely temperament and a tremendous rich red. His daughters are lovely too. The Grove Infinity has his first drop available also, a soft roan homozygous polled grandson of Belmore Quantur G193 has a pedigree packed with excellent fat cover.

As was the case last year, among our very best bulls are the calves of Belmore Cowboy Q303. A superb red, he has just come home from Stumpy and Amanda Carter's Blackjack stud on a short lease agreement. Q303 is a son of Crooked Post Stockman 4Z, a Canadian bred son of Belmore Jackaroo. You couldn't get a family of better red's than in his pedigree, line their photo's up and their familial phenotype is strong.

Our other sires need little introduction except for Polldale Rawhide a rich red who topped Polldale's first on-property sale at \$32,000 and was widely regarded as the best bull offered in NSW in that selling season. The Rawhide calves had it tough last winter and autumn but have responded incredibly well to a good spring at Yatana.

We sincerely hope you can make it to our sale, I feel it is our most even line-up and the bulls represent where I want them to be. They have been run on dryland grass pasture the same as our steers and heifers until we started sale preparation at Christmas time.

Yours sincerely,

Andy Withers

Sale Terms and Conditions and Freight

Elders and Nutrien are the selling agents. The sale will operate under the usual terms and conditions of livestock auction sales. All lots will be sold exclusive of GST. Bulls are at the purchaser's risk from the fall of the hammer. We recommend all bulls be insured.

Inspection: Bulls can be inspected prior to sale, by arrangement with the Vendor or Selling Agents or from 10am Wednesday 12th March and 8:30am Sale day. Video footage of Lots will be available prior to sale on AuctionsPlus and YouTube.

Rebate: An outside agent rebate of 3% will be offered to agents introducing buyers in writing to the selling agent within 24 hours prior to the sale and settling within 7 days.

AuctionsPlus: This sale is interfaced with AuctionsPlus. This will allow remote bidders to operate in the sale from their location via a smart phone, tablet or computer. Prospective bidders must register at least 24 hours prior to the sale with AuctionsPlus at www.auctionsplus.com.au.

Phone orders: Mobile phones operate successfully at the sale venue. If you are unable to attend the auction we encourage you to make arrangements with the Selling Agents or Vendor if you wish to be contacted during the sale to place bids. Please make arrangements at least 48 hours before the sale.

Health: Belmore has a J-BAS 8 score. Bulls have been vaccinated with 7in1, Vibriovax & Pestiguard as per Zoetis STAR program. Bulls are semen tested and vet checked by Dr Tony Tully BVS prior to sale day.

Bull guarantee: All bulls are guaranteed to be breeders with the exception of:

- a) In the event of injury or disease that occurs to the animal after the sale
- b) Gross negligence or wilful misconduct on the part of the purchaser.

Any complaint must be lodged in writing with a relevant Veterinary Certificate within 6 months of the Sale direct to the vendor.

Transport: To be co-ordinated immediately after the sale, either to be trucked directly or arrangements made with vendor to paddock animal/s until transport available. Bulls will be delivered free within South Australia and all bulls sold interstate will be freight assisted. These conditions apply only if transport is arranged by the vendor.

Accommodation: For recommendations please contact the selling agents or vendors.

Aloha Luxury Accommodation: 0448 652 586

Country Roads Motor Inn: 08 8762 3900

Bushman's Arms Hotel: 08 8762 2100

Naracoorte Hotel-Motel: 08 8762 0022

William McIntosh Motor Lodge: 08 8762 1644

Catering: Light refreshments will be available on sale day.

Safety Disclaimer: The owners, employees & representatives of the Vendors accept no liability for any accidents that may occur at Little Belmore Sale Complex. Although such occurrences are rare, any persons attending Belmore's Annual Bull Sale do so at their own risk.

Animals offered for sale are known to be of quiet temperament under normal conditions, but sale day is not considered to be 'normal conditions'. Please do not crowd the animals. Please use common sense and be alert, taking note of your surroundings and safety at all times.

EPD disclaimer: All reasonable care has been taken to ensure EPDs are correct at the time of publication. It is the purchaser's responsibility to check prior to the sale commencing if they require updated EPDs that may have been produced by IGS and Shorthorn Beef and made available online since catalogue publication. https://ssau.cgenregistry.com/Animal_Search.aspx

Sale catalogue disclaimer: All reasonable care has been taken by the vendors to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendors, selling agents or publisher make no other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in the catalogue.

EPD Quick Reference Guide

An EPD is an Expected Progeny Difference and it uses all the available information we have to describe an animal's DNA for a specific trait. The EPD uses the animal's own performance in its calculation but it is not describing the performance of the animal, it reflects the predicted performance differences of the OFFSPRING, not the phenotype of the animal.

CE-D: CALVING EASE DIRECT - % of extra unassisted births in heifers. Positive values are more favourable.

CE-M: CALVING EASE MATERNAL - % of extra unassisted births in 1st calving heifers. Positive values are more favourable.

BWT: BIRTH WEIGHT - pounds of birth weight.

WWT: WEANING WEIGHT - pounds of weaning weight adjusted to 205 days.

YWT: YEARLING WEIGHT - pounds of yearling weight adjusted to 365 days of age.

MILK: MILK - pounds of weaning weight of daughters' progeny due to milk production.

MWW: MATERNAL WEANING WEIGHT - pounds of weaning weight of daughters' progeny due to milk and growth.

STAY: STAYABILITY - % of daughters remaining in the herd at 6 years of age. Positive values are more favourable.

DOC: DOCILITY - % of progeny receiving a docility score of 1 (ideal). Positive values are more favourable.

CWT: CARCASS WEIGHT - pounds of carcass weight.

REA: RIB EYE AREA - rib eye area in square inches.

FAT: RIB FAT - rib fat in inches.

YG: YIELD GRADE - lower yield grade scores are more favourable, based on USDA yield grade score.

MS: MARBLE SCORE - differences in carcass marble scores. Positive values are more favourable.

API \$: API \$INDEX - All Purpose Index is sires used in self replacing cow herd with progeny marketed for both quality and yield.

RANK: RANK% - EPD ranking relative to Shorthorn percentile band, lower % values usually more favourable.

Don't let pestivirus rob you blind

Pestivirus is an insidious cattle disease. It can take from you before you know it.

It causes significant reproductive and performance issues, and weakens immune systems – leading to other costly cattle health problems like respiratory disease. In fact it costs the industry over \$114m every year.^[1]

To protect your herd from pestivirus and optimise your returns, it pays to be on Pestigard.

Find out how easy it is at your local rural reseller or cattle vet.
